

WATERBEACH PARISH COUNCIL

GRANT APPLICATION FORM

Please read the guidelines before completing this form. Please use black ink and block capitals. You may continue on a blank sheet if necessary, but please put the name of your organisation on any additional sheets.

A. Your organisation

Please give us the following information about your organisation:

Name of Organisation: ...East Anglian Air Ambulance.....

Address: ...EAAA, 9 Alpha Business Park, Whitehouse Road, Ipswich.....Post Code: ...IP1 5LT.

Description of your organisation's activities. Please list your aims and objectives. The East Anglian Air Ambulance runs two fully medically equipped helicopters serving the people of Cambridgeshire, Bedfordshire, Norfolk and Suffolk. With a cruising speed of 135 knots, we are able to provide an essential emergency service, reaching patients within 25 minutes, often in remote locations. The objective of the Charity is the relief of sickness and injury and protection of human life principally by the provision of an air ambulance mainly within the area served by East of England ambulance service NHS Trust. With a highly skilled doctor, critical care paramedic and specialist medical equipment on board each flight, we are effectively able to Fly the expertise of the accident and emergency department to the scene. This ensures our patients receive the best possible emergency medical care, which can make the difference between long-term injury and recovery, life and death.

How long has your organisation been in existence?Since 2000.....

B. Contact Details

Name of contact:Mrs Hannah Roots.....

Position:Trusts Officer.....

Address for correspondence (if different from above):As above.....

.....Post Code:

C. Your Application

a) Brief description of project or scheme for which grant is intended

We are hoping to deliver CPR training sessions to Key Stage 2 pupils in a local school. There is great evidence that bystander CPR administered within the first ten minutes of a patient losing consciousness can make a positive difference and we believe in equipping local children with this vital life skill. Jack-Charlie was just six years old when his heart stopped suddenly while he was eating his breakfast. Mum Tracey performed CPR until EAAA arrived and were able to restart his heart with a defibrillator. He was then airlifted to Addenbrooke's for further care. After 3 days on life support he was transferred to Great Ormond Street Hospital where he was fitted with an implantable defibrillator which would restart his heart if it were to happen again. The outcome could have been very different had it not been for the CPR he received from his mother.

b) Who will benefit from the proposed project or scheme and how many of these are Cam residents?

Key Stage 2 pupils in a school local to Waterbeach. Potentially 100% of these would be Cam residents dependent on the catchment area of the school. The extended benefit of a greater awareness of CPR in the community could of course be much wider.

c) Total cost of project or scheme: £...approx. £440 per school... d) How much are you applying for? £440 (the anticipated cost of a training session) or a contribution towards this figure.

Please give an itemised breakdown of the expenditure for which this money which is being applied for. Please include evidence (e.g.. suppliers' estimates or price lists) of the likely cost of all items of expenditure where possible.

ITEM	COST £
Day rate for paramedic to provide training	£250
Mileage (NB this is a worst case scenario estimate)	£150
Certificates for up to 100 pupils	£40
TOTAL	£440

d) Have you made any grant application to any other body for grant aid for this project? Yes. If yes please give details:

Various Parish Councils across East Anglia are being approached in respect of the delivery of CPR training to key stage 2 pupils in a school very local to them which would provide a direct benefit to their parishioners. Therefore applications are on a case by case basis and relate to the immediate locality. All applications are pending and in each case the amount requested is £440 or a contribution towards this figure. The nearest parish council applied to at the time of writing is Burwell.

Name of organisation applied to	Amount applied for	Date of Application	Amount Received

If you have received any other sources of funding in the past year, not specified above, please give details:

Please find accounts enclosed.....

D. Previous Applications

Has your organisation previously applied for a grant from this Parish Council? If YES, please give details of the project and the date and amount of grant received if any. Was the project as described completed? NO

E. Additional Information

Are there any other comments you wish to make to support this application? Please give this information below, or attach a separate sheet:

Please find attached the story of a local man from Burwell who was attended by East Anglian Air Ambulance

F. Your Financial Situation

All applications must be accompanied by the following financial information: **If you do not supply this information your application will not be considered unless previously agreed in writing by the Council.**

- A copy of your latest approved statement of income and expenditure or other financial report which indicates your financial position, or
- Photocopy of bank statements covering the past six months
- A statement of your capital assets, if any

If you are unable to supply this information, please contact the Parish Council for advice before submitting this application

Signed:..........

Date:20/10/2015.....

Please return to Liz Jones, Parish Clerk, Waterbeach Parish Council, The Old Pavilion, Cambridge Road, Waterbeach, Cambridge, CB25 9NJ

If you have any queries, please contact the Parish Clerk on 01223 441338 or email council@waterbeach.org.uk

The difference we make

Meet our patients:

Richard Fryer

On 23 January 2012, 34 year old Richard Fryer from Burwell near Cambridge was driving his seven year old son, Freddy, to school when his car collided with a lorry between Bottisham and Newmarket.

Freddy broke his leg but Richard was far more seriously hurt, receiving life-threatening head and chest injuries. Anglia Two's crew was quickly on scene, providing initial care before escorting him to the Major Trauma Centre at Addenbrooke's Hospital. He was in a coma for several weeks but has gone on to amaze doctors by making an excellent recovery.

He and his family have since become passionate supporters of the EAAA. Freddy wrote a book about his experiences, raising nearly £3,000. Members of a fitness class run by Richard's wife Charlie took part in a sponsored 10k run at Wimpole Hall in May, raising almost £2,000 while Richard organised a family fun day at a local pub, raising over £4,000.

2012 was a roller coaster but we're determined to take as many positives as we can from what could have been a tragic situation. Raising this money is just a start and a small thank you from us.

Richard Fryer

Richard with his daughter Eliza
