Dear Ms Mason

**Street Naming – Site Land to North of Bannold Road, Waterbeach**

The layout of this development is such that a new road name will be required.

I am therefore writing to inform you that the developers Charles Church & Persimmons Homes have suggested the following as suitable names and I would be grateful if you could forward in writing your comments along with any reasons should you have any objections.

- Concorde
- Lancaster
- Vulcan
- Harrier

If you are opposed to the suggestion, I would ask whether you wish to suggest 4 names for this development that I can agree with the developer and necessary Authorities.

The Emergency Services have requested that the following guidelines be considered when selecting the appropriate name.

1. There should be no like names in different parts of the village. Any such like names should be adjacent to each other.

2. There should be no like names in the village which sound phonetically similar.
3. If names of people are proposed they must be related to the particular area. It is policy that only names of deceased persons are used. In order to avoid confusion with emergency services only a surname will be used.
4. No consideration should be given to any street name which contains the name of another Cambridgeshire or neighboring village.

A list of the street naming conventions can be found in the Address Management policy on the following link [www.scambs.gov.uk/snn](http://www.scambs.gov.uk/snn).

Enclosed is a plan of development,

Yours sincerely

## Waterbeach Parish Council

**Subject:** Land North Josiah Court Bannold Road Waterbeach  
**Attachments:** Parish Clerk Consultation letter.doc

Good Afternoon

I have already posted the attached letter but I thought I would email it as well as I know you told me you have a meeting on the 6<sup>th</sup> June.

In view of all the development in Waterbeach both current and in the near future would the Parish Council like to consider a selection of names that we could put through the consultation process in anticipation of developments so that we can hold a list of pre-approved names so when street numbering and naming applications are received we can simply select names from the list. This is how we manage addressing large developments and is a very time efficient way of processing applications as you are aware the alternative is to wait each time for the appropriate Parish Council meeting to be scheduled in order to discuss each development.

Regards
