### **REMOVAL OF SERVICE NO 9 TO BANNOLD ROAD AND NORTHWARDS, WATERBEACH**

I am writing to complain about the changes introduced to Service Nr 9 wef 8 January 2018. The service no longer goes along Bannold Road/Cody Road/Capper Road, Kirby Road in Waterbeach. The nearest bus stop on the corner of High Street/Bannold Road is some distance away.

The removal of the service from these stops is very inconvenient and I would urge you to look again at this decision. If the reinstatement of the previous hourly service throughout the day is not deemed possible, would you consider running some of the buses through this part of the village?

### ***EITHER***

When the service was operating I boarded the bus at *(state your usual bus stop)* on workdays/ on a weekly basis *(choose one)*, to travel to *(state your destination)*. My outward journey was usually on the *(state time)* service, returning around *(state time)*.

### ***OR***

As an indication of future usage, I would be most likely to board the bus at *(state what stop you would use)* for a trip as follows:

#### Destination:

- Cambridge/Science Park/Milton/ Research Park/Ely *(choose one)*
- Before 10am/Between 10-2pm/After 2pm *(choose one)*

#### Returning to the village:

- Before midday/ Between midday – 4pm/After 4pm *(choose one)*

Please reconsider this request to reintroduce a service to this expanding area of the village.
