The story so far..... The proposed Neighbourhood Plan Vision

"Our Neighbourhood Area will continue to be a great place to live and work by ensuring that the identity and character of the existing communities within the Parish are respected and protected. This plan will ensure that any new development in the Neighbourhood Area will provide sustainable infrastructure. It will ensure the improvement of the overall quality of life of every resident. New development should not be overbearing or overwhelming and should complement the rural vistas and existing Fen Edge landscape."

Our Neighbourhood Plan will be shaped by the community. With help from residents through previous consultations, the following issues have been identified to be addressed by the Plan in priority order:

1. [Transport and infrastructure](#)
2. [Local services and community](#)
3. [Development of the former barracks](#)
4. [Flooding and drainage](#)
5. [Environment](#)
6. [Rural Nature](#)
7. [Housing](#)
8. [Conservation & heritage](#)

We are seeking comments on the draft vision and any areas of importance to you that are not included in these issues. This is so we can progress drafting the Neighbourhood Plan and make sure it reflects the views of the people who live in the Parish.
