I live and have raised my children in Waterbeach, managing a manufacturing company and undertaking major building restoration projects. Joining the Council in 1986, I supported improvements to children's play-area, youth facilities, extension to the recreation ground, new buildings, tree planting including the community orchard. I fought to retain the library facilities and, as Council Library Officer, volunteer at WILL

Alan Edward Ball

Living in Waterbeach since 1976 I enjoy all aspects of village life. As a Parish Councillor and Finance Chairman I'm committed to maintain all that is best and improve facilities for sports and other community activities such as Tillage Hall. I will work to achieve more affordable housing, better traffic management and safer road crossings within an affordable precept.

Norma Kay

A small house in Station Road has been my home since 1982. The village is extremely important to me, more so since retirement.

Not currently a Parish Councillor but keen to resume that role with your support.

I would value being able to continue to contribute to village life; committed to inclusion, consultation and getting things done.

David Richard Smart

I have lived and farmed in Waterbeach for 27 years and am constantly about the village. My wife runs the Parish Council office from our home. I managed the recreation ground and open spaces for three years to March 2009. I am independent of other village organisations, without conflicts of interest and would therefore represent all sections of the community.

Waterbeach has been my home for over 40 years. Most of my working life has been in the civil service, and I now help in my husband's village shop. I want to make sure we are all represented when it comes to important decisions, for example planning, recreation and traffic issues, which are very important in caring for our village.

- Served as

 - School governor
- Currently
 - Chairperson, Waterbeach Community Association
 - Co-organiser, Waterbeach Feast, Beach News, 60+ Party, Carols on the Green

I would like to widen my involvement in village life by becoming an active member of Parish Council and working for the whole community.

Peter Johnson

My name is Peter Johnson and I have lived in Waterbeach for 36 years loving every minute of those years. I have served on the Parish Council for the last 4 years helping to make our village a better place to live and I really would like to be re-elected to continue with the many projects I have in mind.

Agi Lloyd

I have lived in the village since 1978, initially at Boxtree Cottage.

I became interested in how the Parish Council works when I initiated a petition on behalf of dog walkers in the village. Consequently I wish to promote greater openness and accountability by the Parish Council on behalf of village residents, with regular consultations on proposed decisions.

Tina Bower

I have lived in Waterbeach for 25 years, best known in the Village by fellow intrepid dog walkers. I am quite ancient, I consider myself to be a loyal person who likes to see fair play and have consideration for others. As the politicians insist on saying 'things should be transparent' - I much prefer to use the word 'honest'.

I have been a Parish Councillor since December 2004 and have just completed my three year term of office as chairman.
