

WATERBEACH PARISH COUNCIL

Council meeting 3 November 2020

TREES

To receive two offers of tree saplings

Offer 1 – Six tree saplings that have been nurtured for several months and are now mature enough to be planted on to a suitable location. This involve three Field Maples and three Hazel trees ready to go.

Offer 2 – Cambridge Angling club will shortly have over 100 saplings spare. They are UK native species donated from the Woodland Trust but they cannot use them all. Would WPC like any? No details yet available on species types.
