

WATERBEACH PARISH COUNCIL

Council meeting 3 November 2020

To see the incoming request below. The enquirer is interested in basing her hot food van on PC owned land. The only area I can think of is the Recreation Ground car park. We are making enquiries with Cambourne PC and hope to have more to report back at the meeting.

Meanwhile I have suggested other spots in the village which might provide useful leads.

Good morning,

My name is [name redacted]. I am a trained chef, I started to run my hot food van business since lockdown, as my workplace had to close and I lost my job. But the good thing that I really like my new "job", which one is my life now. I make homemade food. I sell homemade burgers, chips, wraps....I also do breakfast, so morning time I do Paninis, toasties, fried eggs, egg sausage muffins....

At the moment I trade in Cambourne. My friends and family members are living in the Waterbeach and I visited them a couple times, then I saw that Waterbeach is a really lovely place. I would like to trade in Waterbeach once in a week if it is possible. Can I ask some help with my plan please? I am trained chef and I have all the necessary certificates and insurances.

I would be happy if I could trade any place owned or managed by the Waterbeach parish council. I do it the same way in Cambourne at the moment. The Cambourne parish council runs a cricket club and a Hub, I pay to them a monthly fee and I can trade these place. Only in a fixed time on a week of course, not any time. Because they run these places I don't need any special permit.
